About Monash Health

Monash Health provides a world of healthcare across south eastern Melbourne, uniquely integrating primary, secondary and tertiary health services, as well as world-renowned research and teaching facilities in one organisation. Our health service provides access to public health services for a greater community of 1.3 million residents or 24 per cent of Victoria’s population. Monash Health also has a wider official specialist role for greater Melbourne, regional Victoria and interstate in such specialties as paediatrics, cardiology, transplants and neonatal intensive care, with extensive university affiliations.

More than 14,000 staff work at more than 40 care locations across south eastern Melbourne, including Monash Medical Centre, Moorabbin Hospital, Dandenong Hospital, Casey Hospital, Kingston Centre, Cranbourne Centre, and an extensive network of rehabilitation, community health and mental health facilities.

On average each year:

- We provide more than 2.67 million episodes of care to our community
- More than 221,000 people are admitted into our hospitals
- More than 193,000 people come to our three Emergency Departments for treatment
- We respond to more than 49,000 ambulance arrivals
- We deliver more than 9,000 babies, and
- More than 32,000 children are admitted to our Monash Children’s Hospital and neonatal units.

Together, we seek to deliver quality patient-centred health care and services that meet the needs of our diverse community.

Description of Unit

The Oral & Maxillofacial Surgery Unit at Southern Health is based at Monash Medical Centre (Clayton and Moorabbin) as well as Dandenong and Casey Hospitals. We provide a wide range of adult and paediatric elective and emergency services and manage the whole spectrum of maxillofacial trauma. We work in close association with colleagues from the Dental, ENT, Head & Neck, Neurosurgery, Ophthalmology and Plastic & Reconstructive surgery units to provide comprehensive multidisciplinary care. This includes being part of the cleft and facial anomalies team.

There are weekly outpatients clinics at both MMC, Clayton and Dandenong campuses. In addition, orthognathic clinics are held at Dandenong.

There is a considerable amount of clinical and surgical exposure that will benefit the trainee oral and maxillofacial surgery registrar. It is expected that the registrar will undertake a research project during the rotation.
